

Undergraduate Cost Worksheet for 2008/2009

This worksheet is intended to give you an estimated total cost for the 2008/2009 school year and DOES NOT serve as your payment plan. Once your classes are billed, you can complete your payment plan online at www.fresno.edu/paymentplan.
 Add the charges that apply to you and subtract your accepted aid to estimate the total due.
 To estimate payments, divide the balance by the remaining months of the semester.
