Integrated Teacher Education Program (ITEP) Pathway

The Liberal Arts ITEP pathway is an accelerated pathway to earn your multiple subject teaching credential. In addition, the above pathway also includes the Bilingual Added Authorization option. Qualified transfer students can take at least one year off the current traditional route. FPU's credential programs are accredited by the California Commission on Teacher Credentialing (CCTC, ctc.ca.gov). Our teaching programs hold a strong reputation for providing the best teachers in the Central Valley and are extremely sought after by school districts and private schools.

*This roadmap is an example of the pathway a student can follow to complete the degree requirements. Students should meet with an FPU Academic Advisor to develop a personalized education plan.
