

Training therapists and providing psychotherapy to students & the public.

our story

Originally called The On-Site Counseling Program, Pacific Counseling Center (PCC) was established in 1994 as a training organization for Marriage and Family Therapy students at Mennonite Brethren Biblical Seminary (now Fresno Pacific Biblical Seminary). Initially, services were primarily offered on-site at contracted locations in Fresno and the surrounding areas. After the seminary merged with Fresno Pacific University in 2010, PCC became the university's official therapy provider.

PCC grew from a small team of clinicians to nearly 65 by 2017, largely through school-based services. In 2021, the service model shifted to providing therapy primarily at FPU office locations, while maintaining a few external contracts.

After more than 30 years and training over 420 clinicians, PCC continues to deliver high-quality services to the community.
