+ Information suppressed to protect student privacy. The institution enrolled too few of such students to disclose or report with confidence and confidentiality (HEOA § 488(a)(3)).

1 Retention rates are defined in this report as the percentage of students who begin at the institution in the fall term of a given year (cohort year) who are graduate degree seeking students with continued enrollment in the fall semesters of the following second and subsequent years.

2 Graduation rates are a measure of the percentage of students in the respective cohort who attained a graduate degree within 2 years (100% of normal completion time), 3 years (150% of normal completion time), and 4 years (200% of normal completion time).

¶ Head count is defined as graduate degree-seeking students who are fall semester starts for the given cohort year.
