Department of Campus Safety

The FPU Department of Campus Safety Main Office is located at 4866 E. Butler Avenue, while the Department of Campus Safety dispatch center is located at 1719 S. Winery Ave (on Winery Avenue south of Hamilton Avenue) in the Facilities Management Building of the Main Campus. The department is staffed and operational 24 hours a day, seven days a week, year round. Campus Safety Officers patrol the Fresno Campus 24 hours a day. The North Fresno, Visalia, and Bakersfield Centers are patrolled by uniformed Campus Safety Security Guards when class is in session. The campuses in North Fresno, Visalia, Bakersfield and Merced are not operational on a 24-hour/day basis and thus are not patrolled on a 24 hour basis.

The Department of Campus Safety’s goal is to ensure the safety and security of faculty, staff, students and visitors. This goal is carried out via vehicle patrols, foot patrols, bicycle patrols, escorts, preparing written reports of crimes and incidents, observation and reporting concerns. Campus Safety Officers are not sworn peace officers. All full-time officers are registered with the California Department of Justice, Division of Consumer Affairs as security officers and are licensed to BSIS standards and have completed as a minimum, California Penal Code 832 and 832.3 training as prescribed by P.O.S.T. specifications. The Department of Campus Safety works closely with the Fresno Police Department and other local, state and federal law enforcement agencies, reporting all serious crimes to the agency having jurisdiction. The Fresno Police Department responds to the main campus and the North Fresno Center when immediate response is requested, since the campuses are within the City of Fresno city limits. The Visalia Police Department responds to the Visalia campus, the Bakersfield Police Department responds for the Bakersfield campus and the Merced Police Department responds to the Merced center. Campus Safety officers and Security Guards do not have peace officer authority to arrest individuals based on PC 832 but may detain them until the arrival of local law enforcement with probable cause or may affect a private person’s arrest per PC 837.

Security and Access to Buildings

Generally, buildings on the campus are open Monday through Friday, 7:00 A.M. to 10:00 P.M. and closed on the weekends and holidays unless classes or other authorized functions have been scheduled. Department of Campus Safety personnel are prepared to assist those needing access to a building or classroom. University identification must be provided upon request and authorization to enter a building/classroom must be
documented and on file with the Department of Campus Safety prior to granting access afterhours.

**Safety and Crime Prevention Education**

Safety and security information is presented annually at traditional undergraduate new student orientation. This information is also presented annually with students who live in campus housing. For other students this report, which contains safety and crime prevention information, is posted on the university web site. Students are notified of its existence annually.

**Reporting Crimes and Requesting Assistance**

Reporting crimes is vital to achieving our goal of providing a safe learning and working environment for the campus community. Persons who are either a victim of or witness to a crime should report the occurrence as soon as is practical to either the Department of Campus Safety or their local law enforcement agency. Reporting such occurrences by either victims or witnesses may be accomplished on a voluntary basis. At times, sensitive situations may occur and the Department of Campus Safety Officers may cooperate with individuals on a confidential basis. However privileges of confidentiality in criminal matters that are referred for prosecution in a court of law may be subject to exposure.

The main campus and the North Fresno campus will work with the Fresno County District Attorney’s Office on these matters. The Visalia Center will work with the Tulare County District Attorney’s Office and the Bakersfield Center will work in conjunction with the Kern County District Attorney’s Office. The welfare of the victim(s) is paramount whether faculty, staff, students or guests to Fresno Pacific University.

Housing residents may also contact the Department of Campus Safety for response by on duty Campus Safety Officers. To report a crime or incident, call (559) 453-2298, or for emergencies, call **911** from any campus telephone.

**Emergency Telephones**

Emergency telephones have been placed throughout the main campus and in building elevators. They are marked on the campus maps. To operate the telephones within the boxes, open the door and dial 2298 for Campus Safety or Dial 911 for Emergencies.

If you dial 911 for an Emergency, you will be connected with a Fresno Police Department Dispatcher. Be prepared to provide the following information:
1. Your name, telephone number, and location.

2. Describe the incident as clearly and accurately as possible.

3. Do not hang up. Let the individual providing the help end the call. More information may be requested.

**Cell Phones**

If you are making an emergency telephone call from a cell phone, it is advisable to dial **(559) 453-2298** rather than emergency 911 as calls made from cell phones are answered by the California Highway Patrol. The California Highway Patrol dispatcher must be advised that your call is from Fresno Pacific University and your specific location must be provided, possibly delaying assistance. The Highway Patrol Dispatcher should connect the call to local law enforcement. When connected to the Campus Safety Dispatcher, be prepared to provide the above mentioned information.

**Emergency Phone Towers**

To operate the 13 foot tall tower type emergency phones push the button located on the front and to the right of the silver speaker box to summon help. Be prepared to provide the above mentioned information.

**Safety Escort Services**

Radio-equipped, uniformed and trained Campus Safety Officers are available to accompany students, staff, faculty and visitors to and from their destinations on the main campus 24 hours/7 days a week. Call **(559) 453-2298** or locate any emergency phone and request a safety escort.

**Safety Survey**

Upon request Campus Safety Officers will evaluate any university facility and make recommendations to increase personal safety and strengthen crime prevention. To arrange for a Safety Survey call the Department of Campus Safety at (559) 453-2298.
Lighting and Landscape Safety

Campus Safety Officers work closely with facilities personnel regarding lighting and landscaping maintenance to enhance safety and crime prevention. Campus Safety Officers will often notify facilities personnel in the event any of the university lights are not functioning or should physical facilities need addressing.

Timely Warnings

Code of Federal Regulations 668.46(e). In the event that a situation arises, either on or off campus that in the judgment of competent university authority constitutes an ongoing or continuing threat, a campus-wide timely warning will be issued. The timely warning bulletins must be related to a crime that is reportable under The Clery Act and represents a threat to the campus community; i.e. murder, robbery, sexual assault, arson, etc.

Persons with information warranting a timely warning should report the circumstances to the Department of Campus Safety Dispatch Center, 1719 S. Winery Avenue or other university supervisory personnel. The university president and cabinet, in consultation with the Chief of Campus Safety or his designee, will approve all timely warnings prior to posting.

Reasonable steps will be taken to notify campus personnel, including but not limited to emails, texting, cell phones, voice messages, and/or public postings, as appropriate to the situation. Students, staff and faculty who wish to sign up for the cellular telephone emergency notification service can do so online by logging into CampusCruiser and following the prompts. A notification of this opportunity is made annually.

Persons with information warranting a timely warning should report the nature of the warning to the Department of Campus Safety or other university supervisory personnel.

Emergency Response and Evacuation Procedures

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, the university will use this process:

1. Confirm that such an emergency exists;
2. Determine the appropriate segment or segments of the campus community to receive a notification;
3. Determine the content of the notification; and
4. Initiate the notification system.

FPU will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the emergency notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain the situation or otherwise mitigate the emergency.

The university president and cabinet, in consultation with the chief of campus safety or his designee, will be responsible for the emergency response and evacuation procedures.

Reasonable steps will be taken to notify campus personnel, including but not limited to personal visits by Campus Safety Officers, personal visits by President’s Cabinet members, emails, texting, cell phones, and/or voice messages, as appropriate to the situation. Students, staff and faculty who wish to sign up for the cellular telephone emergency notification service can do so online by logging into Campus Cruiser and following the prompts.

On at least an annual basis the Vice President of Business and Finance will instruct the department of Campus Safety to conduct a test of the emergency response and evacuation procedures, including:

1. Tests that may be announced or unannounced;
2. Publicizing its emergency response and evacuation procedures in conjunction with at least one test per calendar year; and
3. Documenting, for each test, a description of the exercise, the date, time, and whether it was announced or unannounced.

Tests are defined as regularly scheduled drills, exercises, and appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities.
Fresno Pacific University
Annual Security and Fire Safety Report

Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act was enacted by the United States Congress and signed into law by President George H. W. Bush in 1990. In addition, new federal regulations were published October 29, 2009 by the U.S. Department of Education.

These federal regulations apply to all institutions of higher learning, both public and private, that participate in any federally funded student aid programs. They also require these institutions to publicly disclose three years of campus crime and fire statistics and basic security policies.

To be in compliance with federal regulations, Fresno Pacific University has several obligations. They fall into three main categories: 1) policy disclosure, 2) records collection and retention, and 3) information dissemination. The next several pages present the crime and fire statistics from the past three years. Policies and guidelines for security and fire safety follow.

The Campus Security Act

This Annual Security and Fire Safety Report is prepared annually by the Department of Campus Safety. It includes crime and fire safety data, along with policies pertaining to campus safety, crime, and fire safety. This Annual Report is published prior to October 1st of each year and distributed to all students and employees of Fresno Pacific University via the Campus Safety website: http://www.fresno.edu/campus_safety

Current students and employees will be notified via Fresno Pacific University email of the Annual Security and Fire Safety Report’s publication. This Annual Report is also available to prospective students and prospective employees via the Campus Safety website. To obtain a printed copy of the report, please contact the Campus Safety office at (559) 453-4611.
CAMPUS SECURITY AUTHORITIES

The U.S. Department of Education defines Campus Security Authorities as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department under paragraph (1) of this definition, such as an individual who is responsible for monitoring entrance into institutional property.
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. If such an official is a pastoral or professional counselor as defined below, the official is not considered a campus security authority when acting as a pastoral or professional counselor.

Crimes reported to Campus Security Authorities are included in the University’s crime statistics. Fresno Pacific University recognizes the following personnel as Campus Security Authorities:

- Campus Safety personnel
- Student Development and Residence Life personnel
- Faculty Advisors
- Athletic or Academic Team Coaches
- Directors, Deans, and Department Heads

These Campus Security Authorities are required to report crimes to the Department of Campus Safety. The designation of Campus Security Authority as defined by the Department of Education is for the purposes of reporting crimes only. It does not indicate any authority or responsibility to investigate crimes. It shall be the responsibility of the Department of Campus Safety to investigate reports of criminal activity on campus.

REPORT TO THE DEPARTMENT OF EDUCATION

Campus Safety collects all crime and fire safety statistics for each of Fresno Pacific University’s campuses. This data is reported to the United States Department of Education via an annual web-based data collection.
CRIME STATISTICS

In accordance with the Clery Act, Fresno Pacific University provides mandatory crime statistics as part of this Annual Report. The web site to access this report is provided annually to all enrolled students, staff, and faculty via Fresno Pacific University email. The following tables show reported crimes in the specified categories for the preceding three years. Campus Safety requests crime statistics from law enforcement agencies with jurisdiction for all of Fresno Pacific University reportable locations each year prior to the completion of this Annual Report. These statistics are included in the following tables, along with crime statistics collected by Campus Safety.

Fresno Pacific University
Annual Security and Fire Safety Policy

Introduction

Policy Disclosure

This document provides the campus community and the public with accurate statements of its current policies and practices regarding procedures for students and others to report criminal actions, fires or other emergencies occurring on campus, security of and access to campus facilities, and campus law enforcement.

Records Collection and Retention

FPU is required to keep some campus records and to request records from law enforcement agencies. Records of crimes and fires reported to campus security authorities are kept. A reasonable good-faith effort is made to obtain certain crime statistics from appropriate law enforcement agencies and to include it in an annual security report and the Web-based report to the Education Department. A daily Crime Log and a daily Fire Log are open to public inspection and available at the Department of Campus Safety.

Information Dissemination

To provide campus community members with information necessary to make informed decisions about their safety, information is disseminated in several ways. Unless otherwise noted, the Vice President for Finance and Business Affairs in conjunction with the Department of Campus Safety is responsible to see that the policies and procedures are carried out.
• A timely warning of any Clery Act crime that might represent an ongoing threat to the safety of students and/or staff is provided. The President and his cabinet are responsible to see that timely warnings are carried out.
• Emergency notification procedures will be followed if there is an immediate threat to the health or safety of students or employees.
• Access to the crime log and the fire log is provided during normal business hours at the main campus and at the centers.
• An annual security and fire safety report is posted on the university website and all current students and employees are notified via email annually by October 1. A printed copy is available from the Department of Campus Safety.
• Prospective students and employees are also notified about the content and availability of the report. The directors of admissions are responsible to inform prospective students and the director of human resources is responsible for informing prospective employees.
• The campus community is informed where to obtain the information about registered sex offenders later in this report.
• FPU crime statistics and fire statistics are submitted to the Education Department through the Web-based data collection system.

Fire Safety

MAIN CAMPUS

The Department of Campus Safety responds to all emergencies reported on campus, including fires and fire alarms. For incidents of fire that may pose a danger to the Fresno Pacific University community, Campus Safety will work in conjunction with external agencies such as the Fresno City Department and the Fresno Police Department.

FIRE SAFETY STATISTICS

In accordance with the Higher Education Act, Fresno Pacific University provides mandatory fire safety information as part of this Annual Report. The act defines a fire as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner. The following tables show all reported fires occurring in on-campus residence halls, the cause of the fire, the number of injuries and deaths related to the fire, and the value of property damage caused by the fire.

Campus Housing Three-Year Fire Report

Definitions

Cause of fire: The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

Fire: Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire-related injury: Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

Fire-related death: Any instance in which a person—(1) Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) Dies within one year of injuries sustained as a result of the fire.

Value of property damage: The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.

DAILY FIRE SAFETY LOG

Campus Safety keeps a daily fire safety log of all reported fires at on-campus student housing facilities. This log includes the date the fire was reported, the nature of the reported fire, the date and time the reported fire occurred, and the general location of the reported fire. Updates to the log are made within two business days from when a fire is reported to Campus Safety.

All employees and students of the University must report any fire occurring in an on-campus student housing facility to Campus Safety, regardless of whether or not the fire has been extinguished. Fires should be reported to the Campus Safety emergency line by calling (559) 453-2298 (or extension 2298 from any campus phone or call box).

A written log of all fires reported within the past 60 days at on-campus student housing facilities is available to the public at the Campus Safety Administration office and on the Campus Safety website (www.fresno.edu/campus_safety). A log of fires reported to Campus Safety prior to the past 60 days will be made available within two business days of the request.

DESCRIPTION OF STUDENT HOUSING FIRE SYSTEMS AND FIRE DRILLS

Campus Safety responds to all fires and alarms on campus to determine the cause and whether the Fresno Fire Department should be notified to respond. The Fresno Fire department shall play the primary role in any fires they respond to on campus; Campus Safety will assist as needed. In conjunction with the Department of Residence Life, Campus Safety conducts two fire drills during the Fall and Spring semesters for every residence hall (four drills annually). The following tables give a description of the fire detection and suppression systems in each residence hall, and the number of fire drills conducted in each residence hall during the previous calendar year.

Student Housing Rules

Candles, Fires, and Oil Lamps
Burning any open flame item or incense in any university building at any time is prohibited. This includes, but is not limited to oil lamps and all types of candles. Violations of this policy may be referred to the Restorative Discipline Process. Candles are only allowed in campus residences if the wicks are cut off or dislodged from the candle entirely. Candle warmers are permitted.

Appliances and Cooking
Students may have one microwave and one refrigerator (max. 3.0 cubic feet) in each room. Residents may have a coffee maker, but it must contain an automatic shutoff function. Fire regulations prohibit the use of appliances with exposed heating coils. The use of toaster ovens and hot plates are restricted to house, apartment kitchen and Kriegbaum Suites. Hot plates are not allowed in any other student's rooms. Hot air corn poppers (but not those that use oil) and hot pots that do not have exposed heating coils are permitted in all living areas.

Christmas Trees
Any Christmas trees put up in campus facilities must be flameproof. Please contact Facilities to learn more about this service. Please keep in mind that all Christmas lights must be plugged into a surge protector or an outlet. Students are responsible to appropriately dispose of Christmas trees before the Christmas break.

Electrical Cords
For safety reasons, extension cords are not allowed. However, UL-rated power strips with built-in circuit breakers are an acceptable alternative. The Fresno Fire Department does not allow microwaves, refrigerators or any other heavy appliance to be plugged into a power strip. Microwaves, refrigerators or other heavy appliance must be plugged directly into the wall outlet.

Fire Safety Equipment
Campus fire safety equipment is an important, life-saving necessity. Individuals who tamper with fire safety equipment place themselves and the campus community at risk. Tampering with any smoke detector, fire alarm, fire extinguisher, fire safety map/signs, fire access key or fire exit is strictly prohibited. Any person found responsible for tampering with fire safety equipment will be fined $50 in addition to any repair or replacement costs. If the person responsible is not identified, the fine and repair/replacement cost will be distributed between all members of the living area.
All fire alarms should be treated as a real emergency and students shall exit all building to the amphitheater, keeping the fire lanes clear. A $300 fine will be levied for misuse of a fire alarm; this will be applied to your student account. It is a misdemeanor to tamper with fire equipment (under Calif. Penal Code Section 148.4). Damaged equipment or emptied fire extinguishers will incur additional charges. Tampering with smoke detectors will result in a $25 fine. If a low battery causes the smoke detector or exit alarm to "beep," tell your RA immediately who will then email a work order request to facman@fresno.edu or telephone Facilities Management at ext. 2089 to have the battery replaced. No furniture or personal items may be within 18 inches of the smoke detector or a fire sprinkler. Candles, flammable devices or open flames shall not be permitted or used in any dorm or condo.

**Fire Arms and Fireworks**
Students may not possesses or use fireworks on campus or any FPU facility (Casa Pacifica). Violators will be fined $300 per incident and /or maybe subject to dismissal. No firearms, BB guns, Air-soft, Paintball guns and ammunitions, knives, switchblades (other than pocket knives) or dangerous weapons as defined in CPC 12020 and 653k and 626.10 P.C. or devices as proscribed by law are permitted on campus or campus housing.

**No Smoking**
No member of the community may use or possess tobacco, alcohol or illegal drug products on campus. This includes the areas in and around university houses, on the streets Heaton, Garden, and Townsend, within the university block, in the Willow Garden Condominiums and at Casa Pacifica.

**Education and Training**
FPU provides students and employees with the following education and training programs:

**Fire Drills**
Fire drills will be conducted among campus housing residents twice each semester. Training on fire drill procedures occurs at residence hall meetings bi-annually.
**Reporting a Fire/Evacuation Procedures**

A fire is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner. Students are to follow these procedures when a fire occurs.

Notify Campus Safety first, then the residence assistant or residence director and observe the following procedures:
1. Leave room immediately at the sound of the alarm. Be sure doors and windows are closed.
2. Move away from the building. (Emergency evacuation maps are in each module and office.)
3. When the fire alarm is heard, all residents are required to exit to amphitheater. The residence life staff will ensure that all are accounted for.
4. Residents may return to their rooms only after the building has been cleared by the fire department/Campus Safety.

**Fire Safety:**

- All fire protection equipment has been installed to protect life and property.
- Tampering with fire equipment in any way is considered a misdemeanor. This includes:
  - any fire equipment on a door, e.g. automatic door closers;
  - any other fire protection equipment, e.g. fire extinguishers, smoke detectors, fire alarms;
  - or removing fire equipment, e.g. batteries from smoke detectors, fire extinguishers from walls.
- If you are found guilty of a misdemeanor (breaking any section of the ordinance) you are liable for a fine and/or a one year jail sentence.
- Initial breaking of the fire code at Biola may not necessarily lead to your being formally charged, but it will involve a fine. This includes:
  - removing/tampering with automatic door closers;
  - pulling a fire alarm on false pretenses;
  - removing or tampering with fire extinguishers;
  - propping open fire exit doors.
- The pulling of a fire alarm under false pretenses carries an automatic fine from Campus Safety.
- In addition to fines and jail terms applicable to misdemeanors (see above), tampering with smoke and/or heat detectors will involve a two hundred dollar ($200.00) fine per incident plus the cost of any replacement parts that may be
necessary. Persons found guilty of such tampering may be apprehended and prosecuted.

- Replacements for the smoke/heat detection system will be a minimum of $150 each for each damaged or missing room smoke detector, hallway/common area smoke detector or heat detector (in restrooms, laundry rooms, boiler rooms).
- Failure to evacuate the building in the event of an alarm will involve a twenty-five dollar ($25) fine as well as other possible disciplinary action.
- No decorations may be hung within 1 foot of the ceiling. No decorations may be placed on any fire doors. No decorations may be placed within 3 feet of all four sides of a fire extinguisher or fire alarm pull station.
- Due to fire hazards and safety regulations, burning of candles and/or incense is not permitted.
- Due to fire regulations all stairwells, walkways, hallways and balcony walks such as at the Stewart Suites must remain clear of furnishings, trash and personal belongings once residents have completely moved in.

**Fire Response**

If you discover a fire or see smoke: Call Campus Safety (2298 from any campus extension, (559) 453-2298 from a cell phone, or use a Blue Light emergency phone/call box) or 911. Identify yourself and report the following information:

- Building name and address
- Room/location of fire
- Type of fire
- Smoke or flame
- Smoke odor

For minor fires like those found in a waste basket, locate a fire extinguisher and contact Campus Safety immediately.

**Fire Extinguisher Instruction:**

- **P**ULL safety pin from handle
- **A**IM nozzle at base of fire
- **S**QUEEZE the trigger handle
- **S**WEEP from side to side (watch for re-flash)
For large fires, evacuate the building and pull a fire alarm. If you are the last person out of a room, close the door behind you - **DO NOT LOCK THE DOOR**. If you become trapped inside a building during a fire:

- call Campus Safety (5111 from any campus extension, 562-777-4000 from a cell phone, or use a Blue Light emergency phone/call box) or 911. Tell them your location and that you need assistance to get out.
- Stay near a window and close to the floor.
- If possible, signal for help.

**Fire Safety Education and Training Programs**

Fire safety education materials and materials for other potential emergencies are available at the Campus Safety Administration office, or online at: [http://www.fresno.edu/campus_safety/preparedness](http://www.fresno.edu/campus_safety/preparedness).

In conjunction with the Department of Residence Life, Campus Safety conducts two evacuation drills during the Fall and Spring semesters for every residence hall (four drills annually) to educate students in how to respond to a fire. These drills may be announced or unannounced. Fire safety information is provided to new student residents during new student orientation.

Campus Safety and the Department of Residence Life conduct bi-annual emergency response training that includes response to major emergencies for Officers and Residence Directors.

**Residence Hall Evacuation**

Mounted in each dorm room is a diagram that illustrates evacuation routes for that specific residence hall.

The following procedures for evacuating Residence Halls can be found in the Campus Safety website: [http://www.fresno.edu/campus_safety/preparedness](http://www.fresno.edu/campus_safety/preparedness).

Evacuation procedures are also emailed annually to all students.

**Fire Evacuation**: In the event of a fire, alert others and GET OUT. Move everyone away from area of fire; close (but do not lock) all doors behind you as you leave, in order to slow down spread of fire.

- Remain calm.
- Walk, do not run. Keep noise to a minimum. Walk carefully to avoid tripping.
- Do not use elevator.
- On stairways, use handrails and keep to right.
- Check all doors for heat (top and bottom) with back of hand. If hot, do not open.
- Assist people with disabilities (refer to section on persons with disabilities).
- If you are caught in smoke, drop to hands and knees and crawl; breathe shallowly through nose and use blouse, shirt or jacket as filter.
- Assist those leaving the building to move to safe areas away from falling debris.
• If you have relocated away from the building, do not return until you are notified that it is safe to do so.
• If your clothing catches fire, DO NOT RUN. STOP. . . DROP. . . ROLL.

If Trapped By Fire in Room:
• Place (moist, if possible) cloth material around/under door to prevent smoke from entering.
• RETREAT – close as many doors as possible between you and fire. Be prepared to signal from windows, but do not break glass unless absolutely necessary. (Outside smoke may be drawn in.)

Prepare in Advance:
• Thoroughly familiarize yourself now with all possible routes you could take to exit your building during a fire. Practice walking through alternate exit routes. Remember, during a fire, smoke may obscure normally visible exit signs.
• Avoid creating fire hazards. Do not store things in corridors, overload electrical circuits, put up flammable decorations or prop open doors. Report any problems with smoke detectors, fire alarms, or fire hazards to Campus Safety.

Fire Statistic Reporting

For the purposes of including a fire in the statistics in the annual fire safety report, students and employees must report all incidents of fire occurring on campus to the Department of Campus Safety.

Fire Log

The Department of Campus Safety maintains a fire log that includes the date that the fire was reported, any fire that occurred in an on-campus student housing facility, and the nature, date, time and general location of the fire. Entries must be made within two business days of the receipt of the information. The log for the most recent 60-day period is open to public inspection during normal business hours. Portions of the log older than 60 days are available within two business days of a request for public inspection.
Crime Data

A crime is reported when it is brought to the attention of a campus security authority or the local police by a victim, witness, a third party or even the offender. Fresno Pacific University discloses reported crimes and crime statistics based on four factors: 1) where the crime occurred, 2) the type of crime, 3) to whom the crime was reported, and 4) when the crime was reported.

FPU discloses crime reports regardless of whether any of the individuals involved in either the crime itself, or in the reporting of the crime, are associated with the institution. If the institution is in doubt as to whether a crime has been reported, the institution relies on the judgment of law enforcement professionals.

FPU discloses three general categories of crime statistics:

1. Types of Offenses: Criminal homicide; including murder, and non-negligent manslaughter and negligent man-slaughter; sex offenses including forcible and non-forcible; robbery; larceny-theft; simple or aggravated assault; intimidation; burglary; destruction/damage/vandalism of property; motor vehicle theft and arson.

2. Hate Crimes: disclose whether any of the above-mentioned offenses, or any other crimes involving bodily injury, were hate crimes. A hate crime occurs when the perpetrator is motivated by one of six categories of bias: race, gender, religion, sexual orientation, ethnicity/national origin, or disability.

3. Arrests and referrals for disciplinary action for illegal weapons possession and violation of drug and liquor laws.

In addition to disclosing statistics for the aforementioned offenses, FPU discloses both the number of arrests and the number of persons referred for disciplinary action. Violations of FPU policies that resulted in persons referred for disciplinary action if there is no violation of the law are not reported.

*Arrest* for Clery Act purposes is defined as persons processed by arrest, citation, or summons.
Crime Log

Access to the crime log is provided at each campus during normal business hours. Information for the past 60 days is available immediately upon request. Older information is available with two days’ notice. The crime log includes the crime classification, date/time reported; date/time occurred, general location, and disposition.

Assistance for Victims of Sexual Assault

With the permission/consent of the victim, university officials will assist in contacting support services for the victim of a sexual assault. Such services may include:

- Notifying the Director of Residence Life, the Dean of Student Life, Rape Counseling Center, Marjaree Mason, family members, etc.
- Confidentiality, medical attention, and physical protection.
- Academic and Residence Life intervention, including changing the academic situation of the victim when reasonable accommodations can be made.
- Relocation of the victim and/or the alleged suspect if they are on-campus residents. Other sanctions may be placed against the alleged suspect.

If the victim does not wish to initiate legal action, this will be noted. The victim has the right to file charges at a later date if desired. In any event, general medical treatment may be provided. Fresno Pacific University and its personnel are committed to assisting the victim in any way possible.

The victim’s written consent is required for the release of any public information regarding the assault.

A Third Party Rape Report is an alternative to remaining silent about a sexual assault. The victim remains anonymous and the incident, time, place, and description of the suspect(s) are relayed to the proper authorities for preventative action.

Disciplinary Actions for Sexual Assault

Rape, acquaintance rape, and other forcible and non-forcible sex offenses are crimes. All university efforts involving students will be coordinated through Student Life. Criminal sanctions will be coordinated through the Fresno County District Attorney’s Office.

- Discipline is handled through a formal restorative justice process that is outlined in the Restorative Discipline handbook, available online. The accuser and
accused are entitled to the same opportunities to have others present during the judicial process; Both the accuser and the accused are involved in the resolution of and informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense (the final determination and any sanction against the accused.)

- In exceptional circumstances, the Judicial Officer, in consultation with the Dean of Student Life, may suspend a student or take other disciplinary action pending a hearing, especially in matters of safety or well-being of the community.
- Sanctions the institution may impose following a final determination of an institutional disciplinary proceeding regarding rape, acquaintance rape or other forcible or non-forcible sex offenses include warning, educational consequences, behavioral contracts, community service, restitution, community service, fines, disciplinary probation, loss of privileges, deferred suspension, suspension, interim suspension, and expulsion.

- Team Coaches
- Faculty Mentors/Advisors

This contact information will be held confidentially and be accessible only to authorized campus officials and to law enforcement personnel in furtherance of a missing person investigation. If students are under 18 years of age and not emancipated, FPU must also notify a custodial parent or guardian within 24 hours of the determination that the student is missing.
