Resources for Students with Disabilities

Provided by FPU

Read and Write:
Assistive technology which allows students to hear web pages and documents read aloud; understand unfamiliar words with text and picture dictionaries; word prediction; grammar, spelling, and confusable words checker; highlighting and screen masking; research with study skills tools; assists English language learners and other learning challenges. Available for download:
https://my.fpu.edu

E-Text:
An electronic copy of a textbook purchased by the student. Can be used with the **Read and Write** toolbar.

Pocket Talker:
Device to help those who are hard of hearing.

Closed-Circuit Television CCTV:
Available in FPU library. Allows zoom-in text for more readable font sizes.

Available to try before purchasing (DAE Office):

Livescribe Pen:
Will help individuals record while writing notes. Allows users to rehear their notes and lectures.
https://www.amazon.com/Livescribe/pages/2529805011

Student Apps and Other Tech Help
(for download or purchase)

Magnifier on iPhone and iPad:
Allows access to a magnifier for better visual accessibility.
https://www.imore.com/how-use-magnifier-iphone-and-ipad

Be My Eyes:
Helps individuals who are blind or visually impaired. There are volunteers who provide assistance over the screen of the individual's device. (Apple)

Google Text to Speech:
Reads text aloud and helps individual to hear the pronunciation of a word or text. (Android)

Google Translate:
Helps translate text, pictures, and languages into the best fit for the individual. (Apple, Android)

Quizlet:
Create flashcards and study outlines. https://quizlet.com

ModMath:
With a touch on the screen it will help write and solve math problems. Allows to print, email, or save. (Apple)

Stop, Breathe &Think:
Meditation & mindfulness to help individual feel strong, connected, and inspired through life's ups and downs. (Apple)

TapTapSee:
Helps individuals who are blind or visually impaired with assistance to hear an identification of any object they encounter. (Apple, Android)

HearYouNow:
Amplifies the sound around the individual to help understand conversations more clearly. (Apple)

My Study Life:
Helps organize classes, assignments, and exams. Works without Wi-Fi and can be synced to an individual's data.

RogerVoice:
Uses voice recognition to convert voice to text, so those hard of hearing can "hear" phone calls by reading. (Apple, Android)

Desmos Calculators:
https://www.desmos.com/accessibility#accessibility-intro

Products for Purchase

Scanner Pro:
Turns an individual's device into a portable scanner. (Apple $3.99)

MindNode:
Helps with visual representation, brainstorming, and organization in order to help map out ideas. (Apple $14.99)

Kurzweil for reading, writing, and literacy skills
