Determine with your mentor(s) which of the courses you will take abroad will meet requirements for your major(s), minor(s), and/or GE. Courses not meeting these requirements may be used as electives. If needed, determine which courses will satisfy the requirements for the "Focus Series." (Please refer to #5 in Step by Step to GE)

FOCUS SERIES: The Summer Global Experience travel will meet the second half of the Focus Series. Your Summer Global Experience may also include coursework that will fulfill the first half of the Focus Series. Please indicate below which course will fulfill this portion of the Focus Series. (If you have previously completed the Focus Series coursework, this information will not pertain to you.)

When you complete this form and have obtained the necessary signatures, return it to the Registrar's Office. A copy will be given to the **Registrar's Office**, your **mentor(s)** and **you**. We strongly suggest that you take a copy of this form with you on your Global Education experience.
